Candles are not just for indoors!

Summer is here and so is the time of cookouts and pool parties. As you move outdoors, do not forget to take the candles. Candles make the party more festive. Since glass is never a good idea around a pool—think Illuma-Tins. These great little tins are easy to carry and are not a hazard around the pool. Think of using them inside a centerpiece, clustered on the buffet or even lining the front walkway to your home. These little candles are very versatile and you will be able to find many ways to incorporate them into your summer entertaining.

For Members Only—all Illuma-Tins are \$6.00 each in June. Please use the code "June". Your discount will be refunded to you.
